CoilShine Coil Cleaning Solution

CoilShine is a non-acidic blend of powerful, fast acting detergents, specifically formulated for use with the CC-140 CoilPro. This cleaner features an expanding foam formula designed to penetrate coil beds. It is nontoxic, allowing for safe handling. It has a mild pleasant odor, allowing for it to be used with the CC-140 without having to vacate occupied areas. CoilShine is biodegradable and can be safely washed down drains. Available in case, 5 gallon and 55 gallon quantities

ScaleBreak Liquid Descaler

Goodway's ScaleBeak safely dissolves mineral deposits faster than any other liquid descaler on the market. This biodegradable cleaner will quickly dissolve calcium, lime, rust, lithium carbonate and other types of deposits from passages in water cooled or heated equipment. It is safe for use on steel, iron, brass, copper, plastic and rubber. When used as directed, it will help to improve the operating efficiency and extend the life of your equipment. Fortified with powerful low foaming, wetting and penetrating agents and superior corrosion inhibitors, it is ideal for use on boilers, chillers, condensers, heat exchangers, oil coolers, cooling towers, furnaces and water piping systems.

Series 41 Manifolds with 2-1/2" Gauges

\$98.59

Forged body is solid brass for durability. Full porting maximizes capacity. Metal valve handles are full size for easy operation. Hose anchors are forged into back of body at 45°.

Fan Blade Puller

\$72.20

All steel design includes a 15/16" hex head and 5/8" shaft miller back 1-1/2" and undersized for 1/2" shaft opening. A self centering alignment tool is included.

BULLET™ 7 CFM Vacuum Pump

Wide mouth oil reservoir port for easier, cleaner filling. The YELLOW JACKET® BULLET™ vacuum pump is a two-stage rotary vane oil-sealed 3, 5 & 7 CFM pump that pulls down to 25 microns or better

\$360.00

6-in-1 Fin Straightener

Fin straightener sizes are marked on the head - 8, 9, 10, 12, 14 and 15 fins per inch. Compact 4" length.

\$12.55

SuperEvac™ LCD Vacuum Gauge

\$294.94

SuperEvac™ LCD vacuum gauge combines thermocouple sensor technology with advanced electronics for precise readings and repeatability not found with thermistor sensors or analog meters.

Premium Tube Cutters

\$29.00

Wide rollers with flare cut-off groove for convenience. Enclosed precision feed mechanism for easy, smooth cutting

Digital LCD Economy Vacuum Gauge

\$154.00

Track down the 14 level bargraph from atmosphere to 25 microns to know that the system is clean and your vacuum pump is performing properly.

Pocket Thermometers

1" dial thermometers are adjustable with a 5" stainless steel stem. Colored sheath with pocket clip. Individually calibrated and shock resistant.

\$6.50

Digital Electronic Charging Scales

\$268.63

Eliminates refrigerant transfer from tank to cylinder to system. The cylinder with refrigerant is weighed before and after charging. Charge directly into the system or recover from the system.

Scale Removal System, 21 GPM w/15 Gal. Tank

\$2685.00

Pistol-Grip Infrared Thermometer

\$180.00

With wide measurement of -40° to 932° F, this easy-to-use tool is the effective choice for high or low temperature and refrigeration applications. For accuracy and resolution, the focal point is a tight 10:1 ratio with laser sighting.

Coil Pro Jr. Compact Coil Cleaning System

\$890.00

Superheat Calculation Kit

\$105.49

Easily take an internal temperature reading for calculating system superheat.

RAM-PRO Portable Chiller Tube Cleaner

\$1645.00

BRUTE II™ 4-Valve Test and Charging Manifold °F and °C

BRUTE II™ 4-Valve Test and Charging Manifold provides the flow that's proven faster than any conventional manifold. The aluminum alloy body is forged for strength and reliability with 3/8" bores through the body to speed the job.
